Completion of this package is REQUIRED to register your child for the 2021-2022 school year, even if they currently attend AVS.

- ⇒ **RETURN this package to the office at AVS before February 26, 2021** to ensure your child's placement.
- ⇒ Students who do not return this form will be assumed to not be returning to AVS and will not be placed in a class or program. Returning students submitting this form after February 26, 2021 will be placed only if space is still available, and will not have priority over new students.
- ⇒ An email that does not contain this completed form or verbal confirmation are **not sufficient** to hold a spot for your child. You must return this form.
- ⇒ If you are unsure about your plans for next September, you should either submit this form to AVS asap, OR register at your catchment school for September 2021, asap, (but not both) to ensure that a space is created for your child, somewhere. You can still attempt to register at another school later if you change your mind, but waiting to return this form or register elsewhere will result in your child being not being placed at AVS, with no guarantee that your chosen school will have space if you contact them after all of the February 1 registration period applications have been processed.

AP 334-1 Google for Education – Consent

REQUIRED YEARLY

This consent form is provided to parents and students so that an informed choice may be made with regard to consent to use Google for Education. Abbotsford School District provides teachers and students access to a district-managed Google for Education account. Each student may have their own secure login and password to access Google. Google for Education differs from consumer Google in that there is no tracking of user data or advertising. To use the Google for Education platform, personal information (student name, grade, and school) will be collected by the Abbotsford School District under the authority of the Freedom of Information and Protection of Privacy Act (FIPPA). Since the servers are not located in Canada, steps must be taken by all users to ensure that sensitive, confidential and/or personally identifiable information is not shared in any emails, attachments, files, and documents created or uploaded into the district-managed Google for Education platform.
